Village of Pleasant Hill Ordinance No. 1094

Spring is right around the corner – We would like to remind village residents of the Village Ordinance for exterior property maintenance. Village of Pleasant Hill Ordinance No. 1094 – An Ordinance for exterior property maintenance. Every residential, nonresidential, or mixed occupancy building and the land, on which it is situated, used or intended to be used for dwelling, commercial business or industrial occupancy shall be in compliance with the provisions of this ordinance, whether or not such building shall have been constructed, altered or repaired before or after the enactment of this ordinance. This ordinance establishes minimum standards for the initial and continued occupancy and use of all such structures and does not replace or modify standards otherwise established for the construction, repair, alteration, or use of the building. Where there is mixed occupancy, residential or nonresidential use therein shall be nevertheless regulated by and subject to the provisions of this ordinance.

No glass containers, no planting of flowers, shrubs, or trees without permission. If you are using a monument mounted saddle, please mount them securely and put the name of the deceased on the bottom of the saddle so the sexton can identify them if they are blown off.
